INNOVATIVE THERAPY RESOURCE

The **Proaxis Therapy / EIM Orthopaedic Manual Physical Therapy Residency and tDPT** will provide world class education to the employees of Proaxis Therapy. The Residency will provide multiple on-line study courses as well as distinguished guest speakers who will teach courses at our facilities. For those who would like to additionally use this opportunity to obtain a tDPT from Regis University, Proaxis Therapy will incur the costs of this degree. For this opportunity, employees are asked to commit the following:

Residency and tDPT:

- 2 year employment commitment from latter of OCS completion or residency completion or tDPT completion.

AND:

- 3 hours per week of additional un-paid treatment time for the duration of the residency and tDPT.
